### 34.10 Temporary Sign Types

#### A. General Requirements

1. In order to ensure structural stability and safety, freestanding signs greater than five (5) feet in seven (7) feet or greater in height shall be constructed to standards required for a permanent sign as described by the Arizona Sign Association.
1. Signs seven (7) feet or greater in height require a separate sign permit.
2. \_\_\_\_\_
3. Temporary Signs shall be located outside of the visibility triangles, as shown in Figure 1.
4. Signs shall be maintained in good condition and shall be removed if torn, soiled, or faded.
- 2-5. Signs shall be weighted and/or secured to resist displacement by wind or similar disturbances.
- 3-6. \_\_\_\_\_ Temporary signs shall not be illuminated.
- 4-7. \_\_\_\_\_ The installation date and name and contact number of the party responsible for installation shall be listed on the back of all temporary signs, except those located on developed single family residential lots.
- 5-8. \_\_\_\_\_ The party or parties responsible for distribution or installation of such signs shall be jointly and severally liable for the removal of such signs.
6. \_\_\_\_\_ Such signs which are deemed to be unsafe, defective or which create an immediate hazard to persons or property or are not in compliance with the provisions of this
