About this Event

Training: Post Your Rentals on Luke AFB Website

Learn how to create an account, access the portal, and post your available rental properties so that incoming Luke AFB personnel can find rental properties easily.

Do you know rental property owners or property managers who would benefit from this training? Please encourage them to attend the training and participate in helping our local military with housing. Attendees don't have to be WeSERV members. They can attend in person or via Zoom.

[Attend in Person](#) | [Attend via Zoom](#)

This training is brought to you by WeSERV Government Affairs.
